DID YOU KNOW?

Forensics is not only for humans

FORENSCOPE

DID YOU KNOW?

We aren't the only ones that benefit from forensic sciences. **Lots of ecocrimes like wildlife trafficking, mismanagement of hazardous waste and industrial-pollution crimes** have been solved with the help of forensic sciences.

FORENSCOPE

DID YOU KNOW?

Forenscope has been doing research in wildlife forensics too. **The earth loves forensics!**

FORENSCOPE

DID YOU KNOW?

Finger-printing is older than you might think

FORENSCOPE

DID YOU KNOW?

Long before police started to identify people by their fingerprints, **fingerprints were used as signatures in Ancient China.** Since most of the people weren't illiterate, fingerprints were an easy way to sign documents.
